

Regulation & Financing of a European offshore grid

Wednesday, 26 November 2019

14:00 – 17:00

Meeting room 18, level 1– Offshore 2019 Copenhagen

Dear Madam/ Sir,

In order to fully exploit the potential of offshore wind energy and develop a meshed offshore grid in the North Seas, an internationally binding regulatory and economic framework is needed. This is a key conclusion of the EU-funded research project PROMOTioN (Progress On Meshed HVDC Offshore Transmission Networks).

PROMOTioN's latest deliverable **“Regulatory and financing principles for a meshed HVDC offshore grid”** summarizes the key findings on the design of a legal, regulatory and financing framework for cross-border HVDC offshore connections. It provides recommendations for policy makers and other stakeholders to take appropriate measures to enable the first hybrid assets to be built in the North Sea. Building upon this, a first draft of a deployment plan, the key output of PROMOTioN, will be developed and presented.

The detailed agenda of the side event looks as follows:

Time	Title	Speaker
14:00	Introduction PROMOTioN & overview	Marc Schmidt, TenneT TSO GmbH
14:15	Recommendations for a legal regulatory framework	Ceciel Nieuwenhout, Groningen Centre of Energy Law
15:00	Recommendations for an economic regulatory framework	Pradyumna Bhagwat, Florence School of Regulation
15:45	Recommendations for a financial regulatory framework	Alexandra Armeni, Deutsche WindGuard
16:30	Outlook and next steps in PROMOTioN towards meshed offshore grids	John Moore, TenneT TSO B.V.
17:00	End of the side event	

Important notification:

The number of attendees is limited. Please [register](#) in advance. You will require a **1-day exhibition pass** to enter the premises. You can obtain the pass following this [link](#).

→ Check out our side event on [“Technical challenges and solutions for Meshed Offshore Grid development in the Northern Seas”](#) on **27 November**

→ Visit us in Hall E-F20, directly opposite of the WindEurope booth, to [get in touch with us](#) during the conference!
